2 MIGRANTS IN JAIL AND 1 IN HOSPITAL

Two migrant laborers were shot and two went to jail as a result of an altercation Saturday night about 8 o'clock at the John Bream Camp, Orttanna R. 1.

Willie Williams, 32, Gainesville, Fla., remained in a serious condition in the Warner Hospital today after being shot in the forehead, apparently by accident, when a gambling argument erupted into shooting.

Harry Charley Gandy, 32, Atmore, Ala., who was shot in the right shoulder during the altercation, and Clyde Reed, 32, Red-dick, Fla., were in the county jail charged with aggravated assault and battery before Justice of the Peace John Whitman. Both pleaded guilty to the charges brought by state police and were returned to jail for sentence by the county court.

Gandy, stationed at a labor camp near Chambersburg, told police he had gone to the Bream camp Saturday night and joined in a crap game. An unidentified laborer who was in the game started an argument which spread.

In the meantime, Reed, according to the testimony given the justice, had gone to his suitcase and secured a .22 pistol. Gandy claimed he was shot in the shoulder, then wrestled Reed, taking the gun from him. Reed claims Gandy was shot accidentally while attempting to take the revolver from him. Both are agreed that Gandy had just wrestled the revolver from Reed when it discharged and the bullet struck Williams in the forehead.

Gandy was taken to the Chambersburg Hospital for treatment of the wound in his right shoulder, then removed Sunday afternoon to the jail.

Seek Reds Involved In Buddhist-Catholic Riot

SAIGON, South Viet Nam (AP) — Warning that further violence would be met with force, the government pressed a search today for Communists suspected of taking part in last week's Buddhist-Roman Catholic riots.

The government said 449 persons, including some Communists, have been rounded up in Saigon so far.

"Many Communist special activities groups entered the capital and have infiltrated various groups and organizations in order to sabotage public order and security as well as cause religious friction," a government communique said.

IGNORED RIOTS

An army announcement said troops would shoot at demonstrators who refuse to obey orders. For a time last week soldiers watched with folded arms while Catholic and Buddhist youths battled in the streets with machetes, bricks and other weapons.

Calm has been restored in Saigon. A funeral procession of

F. L. MUMPER FOUND DEAD IN BED SUNDAY

Frank L. Mumper, 61, died suddenly Sunday morning at his home, 215 Steinwehr Ave. Dr. C. G. Crist, Adams County coroner, who was called, said the death was caused by a coronary occlusion. Mr. Mumper was found dead in bed.

A native of Gettysburg, he was a son of the late Frank L. and Minnie B. (Culp) Mumper. He had been employed for many years at the Gettysburg Furniture factory and then for the last few years was employed at Penn-Moc Shoe Co., Fairfield. He was a member of St. James Lutheran Church here and a social member of the local VFW and American Legion.

Surviving are his widow, the former Pauline Gross and these brothers and sisters: James L. Mumper, Gettysburg R. 2; Mrs. Frank Abel, Carrollton, O.; Henry E. Mumper, Gettysburg R. 2, and William E. Mumper, Gettysburg R. 2.

Funeral services Tuesday afternoon at 2:30 o'clock from the Peters Funeral Home, Carlisle St., with his pastor, Rev. Dr. Paul L. Reaser, officiating. Interment in Evergreen Cemetery. Friends may call at the funeral home this evening from 7 to 9 o'clock.

CLETUS CULP DIES AT 72 ON SATURDAY

Cletus R. Culp, 72, Bigler-ville R. 1, fruitgrower, fruit tree grafter and operator of a fresh fruit route, died Saturday afternoon at 1:17 in the Warner Hospital, one week after he had suffered a cerebral hemorrhage at his home.

A native of Adams County, he was a son of the late George L. and Addie (Lupp) Culp and was well known as a fruitgrower. He had also grafted trees for many of the growers in the upper end of the county, and for many years had operated a fresh fruit route in the Hanover area supplying stores and homes in that area. He was a member of the Arentsville Fire Co.

His wife, the former Laura M. Craft, died in 1963.

Surviving are three daughters: Mrs. Kathleen Lempsis, Charleston, S. C., and Mrs. Ralph White and Mrs. Helen Sherman, both of Hanover; seven grandchildren, three great-grandchildren; four brothers: Merl Culp, Bendersville; Francis Culp, Gettysburg R. 6; Arthur Culp, Bigler-ville R. 1, and Roy Culp, Orttanna R. 1, and three sisters, Mrs. John Brough, Bendersville; Mrs. Eugene Tuckey, Arentsville and Mrs. John Sharrach, Cashtown.

Funeral services Tuesday afternoon at 2 o'clock from the Dugan Funeral Home, Bendersville, with the Rev. Fred B. Trimble Jr., officiating. Interment in Greenmount Cemetery, Arentsville. Friends may call at the funeral home in Bendersville this evening from 7 to 9 o'clock.

LIONS CONTINUE SALE

Fairfield Lions, who began their annual broom and bulb sale last Tuesday evening, will continue it in the Orttanna-Cashtown section Tuesday evening after their semi-monthly dinner at the Lions Park at Fairfield at 6:30 p.m. Last week's sale in the Fairfield-Zora areas was reported "very successful."

SAIGON, South Viet Nam (AP) — Warning that further violence would be met with force, the government pressed a search today for Communists suspected of taking part in last week's Buddhist-Roman Catholic riots.

The government said 449 persons, including some Communists, have been rounded up in Saigon so far.

"Many Communist special activities groups entered the capital and have infiltrated various groups and organizations in order to sabotage public order and security as well as cause religious friction," a government communique said.

CURFEW REMAINS

Despite the peace calm in Saigon, a curfew remained in effect today. Schools were to reopen Thursday.

The appointment of Dr. Nguyen Xuan Oanh, 43, as acting premier gave a semblance of stability to the government. Whether the Harvard-educated economist would remain at the helm remained uncertain.

U.S. Ambassador Maxwell D. Taylor flew Sunday to the mountain resort of Dalat, 140 miles northeast of Saigon, to confer with ailing Premier Nguyen Khanh.

Gettysburg today launched its 1964-65 United Fund campaign to raise \$32,000 to help finance 11 organizations. This is considered the most important campaign. It has its largest goal which will share more organizations than ever before.

Every adult in Gettysburg is being urged to donate to this nonprofit, charitable organization. Every donation regardless of the amount will help toward the attainment of the goal. However, those who are financially more able than some others are asked to be as generous as possible. It will help offset those who feel they cannot afford to make a contribution.

Solicitors for the fund are often asked to whom does the money go. This year the money will be divided as follows:

Adams County Public Library, \$5,000.
Salvation Army, \$2,500.
United Cerebral Palsy of Penna., \$1,200.
York-Adams Area Boy Scouts, \$5,200.
Gettysburg Civic Nurse, \$1,050.
Penn-Laurel Girl Scout Council, \$4,000.
Pennsylvania United Fund, \$203.
Adams County Chapter Red Cross, \$8,000.
YWCA, \$3,000.
USO, \$100.
Pennsylvania Citizens' Council, \$144.
Administrative and Campaign Budget, \$1,603.

The proportionate amounts are as fair and as generous as United Fund officials could make.

In all fairness to the above organizations each person is asked to give whatever he or she can afford.

It will be appreciated.

FIVE TREATED FOR FRACTURES

Five persons who suffered fractures in a variety of accidents were among those treated over the weekend at the Warner Hospital.

Nancy Benner, eight, daughter of Mr. and Mrs. Earl Benner, R. 1, who fell from a bicycle, was treated Sunday for a fracture of the right arm. Shawn Schneider, seven, daughter of Mr. and Mrs. Albert Schneider, R. 2, was also treated Sunday for a fracture of the right arm sustained in a fall from a tree. William Willons, 20, Hillcrest Heights, Md., who was involved in a motorcycle accident on Rt. 15, received treatment Sunday afternoon for a fracture of the left shoulder and multiple bruises.

Stephanie Bucher, 10, daughter of Mr. and Mrs. James Bucher, Bendersville, who jumped through a hayloft hole in a barn, was treated Saturday for a fractured right leg and Mrs. John Claggett, 53, Taneytown R. 1, received treatment for a fractured left arm suffered in a fall on a pavement.

Others treated at the hospital were: Sunday, Carlene Miller, seven, daughter of Mr. and Mrs. Carl Miller, Hanover R. 2, laceration of the right knee received in a fall; Saturday, William Little, 28, 112 York St., contusion of the left shoulder sustained while playing football; Timothy Bucher, 14 months, son of Mr. and Mrs. George Bucher, R. 3, burns of right arm inflicted by hot coffee.

Funeral services for Charles Norman Daugherty, 85, a native of Adams County, who died Friday night at the Monocacy Hall Nursing Home, Frederick, were held this afternoon at 2 o'clock from the M. R. Etchison and Son Funeral Home, Frederick, with interment in Mount Olivet Cemetery there.

A son of the late Jacob and Mary Elizabeth (Pfeiffer) Daugherty, he left Gettysburg 45 years ago and became caretaker of the Frederick fairgrounds April 1, 1909, when the fairgrounds embraced 40 acres.

He served as superintendent of the fairgrounds for more than 40 years, and resided on the fairgrounds in a house he rebuilt himself in 1922. During his superintendency, according to Frederick newspaper reports of the death, the fairgrounds was enlarged three times to now encompass 60 acres and virtually all of the structures at the fairgrounds were built or rebuilt during his tenure.

Provides Parking Spaces For Votes

Persons wishing to register at the courthouse here before the presidential election in November will find it much easier as a result of action taken by Mayor William G. Weaver.

Weaver, at the request of the county, has placed bags over the first two parking meters on the west side of Baltimore St. immediately in front of the courthouse for use of persons wishing to register.

The meters will be marked with signs reading "Register to Vote Meter." The meters will be bagged except Sundays until the close of the registration period next month.

REPORTS BIKE STOLEN

Peter Tarantino, 805 Highland Ave., reported to borough police Sunday morning that his daughter's bicycle had been stolen from the carport at his home. The bicycle was described as of English make and light blue in color.

Mother Burns Self, 3 Children

ATLANTA, Ga. (AP)—The only survivor of a tragedy in which a mother apparently set fire to her four children and herself is in critical condition today at an Atlanta hospital.

Police reported that, while her husband was delivering his paper route early Sunday morning, Kathleen Martin, 26, apparently poured gasoline over her four children and herself and then set them afire.

A neighbor overheard one of the children say: "Mother told us she had to do it."

Dead are Mrs. Martin of suburban Chamblee and Sarah Jean, 6; Barbara Susan, 3, and Pamela Ann, 9 months. The fourth child, Steven, 8, is the only survivor.

Police reported a neighbor as saying that Mrs. Martin had filed divorce proceedings against her husband, James Martin, but later dropped the suit.

JOHN THOMAS, WORLD WAR II VETERAN, DIES

John R. Thomas, 41, Gettysburg R. 4, a veteran of World War II, died suddenly Saturday afternoon while enroute to the Warner Hospital. He was stricken while fishing near Twin Bridges, and was removed to the hospital after becoming ill. The Adams County coroner, Dr. C. G. Crist, said the death was caused by a coronary occlusion.

An employee of the Carroll Shoe Co., he had gone fishing Saturday with a fellow employee, James Painter, York Springs. The two men had parked their car near the property of Carl Ray and had walked to the stream. While they were walking Thomas complained of a pain in the chest and they stopped for awhile. Later he said he felt better and started walking along the stream. Shortly thereafter he fell over. Painter applied artificial respiration and, when Thomas seemed somewhat improved, ran to the auto and drove it to the stricken man. He then loaded Thomas into the car and drove at top speed to the hospital. However physicians there found death had occurred.

A son of Mrs. Sarah Small Thomas, Gettysburg R. 4, and the late Paul D. Thomas, he was born May 19, 1923, in Gettysburg, and at one time operated a store at Stone Jug.

SERVED IN EUROPE

He was a private first class with the 592nd Field Artillery in Europe during World War II, and received Bronze Stars for battles in Northern France, Rhineland, Central Europe, Ardennes and the Battle of the Bulge. He received the Purple Heart when struck by shrapnel above the eye.

He was a member of St. Francis Xavier Catholic Church here, and of the Happy Ramblers Motorcycle Club of McSherrystown. He had been employed by Carroll Shoe for the last 10 years.

Surviving are his mother; his wife, the former Erma E. Wake, and a daughter, Miss Linda Lou Thomas, at home.

Funeral services Wednesday morning with meeting at the Peters Funeral Home at 8:20 o'clock to go to St. Francis Xavier Catholic Church for the requiem Mass at which Rev. Fr. Joseph P. Kealy will officiate at 9 o'clock. Interment in the Gettysburg National Cemetery. Friends may call Tuesday evening after 7 o'clock at the funeral home. The Rosary will be recited there at 8 o'clock that evening.

Funeral services for Charles Norman Daugherty, 85, a native of Adams County, who died Friday night at the Monocacy Hall Nursing Home, Frederick, were held this afternoon at 2 o'clock from the M. R. Etchison and Son Funeral Home, Frederick, with interment in Mount Olivet Cemetery there.

WARNER FINED \$500; 2 OTHERS PAY \$300 LEVY

Sentences involving fines and costs were levied on a large number of defendants by the Adams County court Saturday.

Harvey A. Warner, Gettysburg R. 3, was given a suspended sentence, placed on probation for one year and ordered to pay \$500 for the use of the county and the costs on a charge of providing gambling devices to several places raided April 30.

Edwin C. Kindig, Gettysburg R. 3, also charged with providing gambling devices found in the raid, was given a suspended sentence, placed on probation for one year and ordered to pay \$300 for the use of the county and the costs. Charles L. Bollinger Sr., Gettysburg R. 3, on a similar charge, was given a suspended sentence, placed on probation for one year and ordered to pay \$300 for the use of the county and the costs.

ARSONIST ON PROBATION

Warren W. Hamilton, a salesman for the G and T Candy Co., York, who also faced an "establishing a gambling place" charge for providing punch boards, told the court he did not sell them, but gave a punch board once. He was also given a suspended sentence, placed on probation for one year and ordered to pay \$100 for the use of the county and the costs. All of the men, and five others who were sentenced on similar charges earlier Saturday were told that a condition of their probation was that they neither supply, sell, maintain or service gambling devices.

John E. Slaybaugh, 31, Gettysburg R. 6, charged with arson in connection with the burning of his home, was given a suspended sentence and placed on probation for three years on condition that he pay the costs and make restitution to the insurance company so it would not have any loss. Slaybaugh set fire to the house in a rage culminating an argument with his wife, the court was told. Damage was estimated at \$10,510 of which \$7,000 was to the building.

REVOKE PISTOL PERMIT

Harry A. Lear, Chambersburg St., on an assault and battery charge was sentenced to pay \$100 fine for the use of the county and the costs and his permit to carry a pistol was revoked.

UAR Pledges Support To Greeks In Cyprus Issue

By ALEX EFTY

NICOSIA, Cyprus (AP) — President Makarios won a pledge of support today from the United Arab Republic in its dispute with Turkish Cypriots on troubled Cyprus as anti-American demonstrations continued in Turkey.

President Gamal Abdel Nasser also warned against outside interference in the island's affairs, said a joint communique issued in Alexandria at the conclusion of talks between Nasser and Makarios.

Nasser did not specifically pledge military support, however.

Heaviest Rain In Six Weeks

The aftermath of Hurricane Cleo was given credit here today for the heaviest rains Gettysburg has had in six weeks.

But the 1.15 inches of rain measured overnight at The Gettysburg Times weather station left the month 1.73 inches short of normal.

The severity of the summer drought is pointed up by weather station figures showing that since May 1 Gettysburg's rains have come 8.25 inches short of normal.

The month of May was the driest May on record here and the next month was the most arid June here in a decade. July was three-quarters of an inch short and August's shortage added to the severity of the dry spell.

The rains that came Sunday evening about 8 o'clock were the heaviest here since July 13 and the first measurable rain here in two weeks. Measurable amounts of rain fell on only six days this month. One day's total was a hundredth of an inch and another's was three hundredths.

Fair and cooler weather is the forecast. Total rainfall for the month was 2.49 inches.

MISS BARB IS WED SATURDAY TO F. L. MILLER

Miss Rubie Frances Barb, daughter of Mrs. Catherine Dellinger, Edinburg R. 3, Va., became the bride of Francis Leo Miller Jr., son of Mr. and Mrs. Francis Leo Miller, R. 3, Saturday morning at 11 o'clock in St. Francis Xavier Catholic Church. The Rev. Fr. James E. Miller, uncle of the groom, performed the double-ring ceremony, with Michael Feaga, cousin of the groom, and James Stonieser serving as altar boys.

Given in marriage by her brother, Kenneth Mumaw, the bride wore a long white gown of pure silk organza, fashioned with a scoop neckline embellished with Swiss floral appliques accented with iridescent sequins, three-quarter sleeves and a fitted waistline. The bouffant skirt featured jeweled appliques and ended in a full chapel train. Her bouffant veil of imported pure silk illusion fell from a crown of tiny pearls.

TRY KKK MEN IN PENN SLAYING

DANIELSVILLE, Ga. (AP)—Fifty-one days after Lemuel Penn, a Negro educator from Washington, D.C., was shot and killed, three white men faced trial today on murder charges.

Penn and two companions were driving home early July 11 from Army Reserve duty at Ft. Benning, Ga., when a second car drew even with Penn's vehicle. Two shotgun blasts were fired into the Negroes' car and the second car roared away.

After an intensive investigation by hundreds of FBI and state agents, four men identified by the FBI as members of the Ku Klux Klan were arrested Aug. 6 at Athens in neighboring Clarke County.

Three of the men were indicted for Penn's murder by a Madison County grand jury, setting the stage for their trial in the county seat of Danielville.

The indicted men are Joseph Edward Sims, 41; Cecil William Myers, 25, and James S. Lackey, 28. The fourth man, Herbert Guest, 37, is held on a federal charge of conspiring to injure Penn and his companions.

Two Negroes and 94 white persons have been named as possible jurors.

DYING CLEO BRINGS RAIN

By THE ASSOCIATED PRESS

Tropical storm Cleo grudgingly gasped expiring winds today, but spewed heavy rains over sections of the western Carolinas, Maryland and the Virginias.

Roanoke, Va., got 1 1/2 inches; Morgantown, W. Va., received more than one inch; Asheville, N.C., got nearly 4 inches in 24 hours and Winston-Salem, N.C., nearly 3 inches.

The rains sent rivers and streams beyond their banks throughout the area.

After spreading many millions of dollars in damages further south, Cleo spawned two tornadoes at Laurinburg, N.C., within 13 hours. The first one Saturday tore through a three-mile path, injured two persons and caused an estimated \$750,000 damages. Sunday, the second twister damaged some roofs outside the town.

Nearly three inches of rain fell over Cape Hatteras, N.C., Sunday.

Local Youth In Franklin Accident

A two-car accident a mile west of St. Thomas on Route 30 in Franklin County at 11:05 Friday morning resulted in damages estimated by state police at \$550.

According to police, the car of Scott M. Gearinger, of St. Thomas, moved onto the highway from a service station into the path of the eastbound car of Edwin S. Longanecker, 20, Gettysburg R. 2. Following the collision, the Longanecker car crashed into a state department historical signpost.

Damage to the Longanecker car was set at \$400 and to the Gearinger car at \$100. Damage to the historical marker was set at \$50.

Ancient Relic Of Vikings Is Found

WASHINGTON (AP)—Archaeologists have turned up what they consider evidence that the Vikings beat Christopher Columbus to the New World by about 500 years.

A tiny stone wheel, found in a Newfoundland wilderness, was hailed as a clue to a Viking settlement in North America nearly 1,000 years ago. The wheel was identified as part of a wool-spinning device and the first Viking household article found on the continent.

Dr. Melville Bell Grosvenor, president and editor of the National Geographic Society, said the discovery suggests that the Vikings brought their wives to do household work in an unsuccessful attempt to establish a permanent settlement.

Bottle Tossed In 1925 Is Recovered

VANCOUVER, Wash. (AP)—Eleven-year-old Jeanne Lackoff sealed a note in a bottle, tossed it into the Columbia River here and then slept with visions of an Oriental prince finding the message.

That was back in 1925.

Sunday, 39 years later, the bottle and note had been retrieved—not by a prince but by two teen-age boys, not in the Orient but in the surf at Florence, Ore.

"I think it is amazing," said the bottle-sealer, now Mrs. Jeanne Onslow.

The state police this morning arrested Eugene Matthew Reicherts, 32, Kenosha, Wis., along Rt. 15 south of here and charged him with vagrancy before Justice of the Peace John Whitman. He was sentenced to jail for 30 days.

GOLDWATER ENDS WEEK'S VACATION

By WALTER R. MEARS
NEWPORT BEACH, Calif. (AP) — Republican presidential nominee Barry Goldwater winds up a week-long floating vacation today after staking out foreign policy as a key target in his campaign against President Johnson.

Goldwater and his wife were due to cruise back to Newport Beach aboard their borrowed motor yacht, the Sundance. They have been cruising Southern California's coastal waters since last Tuesday. Goldwater said it would be his last respite before the Nov. 3 election.

The Arizona senator had one business session. He talked strategy Sunday with campaign director Denison Kitchell.

Politically, Goldwater has been silent most of the time, often unavailable even to his staff. Twice, however, he has fired ship-to-shore salvos at President Johnson's foreign policy.

He said the speech with which Johnson accepted the Democratic presidential nomination last Thursday "was a clear withdrawal from leadership in international affairs." He called it an "isolationist acceptance speech."

On Saturday he accused Johnson of trying to "avoid all questions regarding foreign policy."

Goldwater demanded that the President tell the nation "just how deeply we have been involved in the runaway rioting and governmental musical chairs going on in South Viet Nam."

Most of Goldwater's relaxations have been spent in relaxation. With four guests — Mr. and Mrs. Bert Holloway of Burbank, Calif., and Mr. and Mrs. John Martini of Los Angeles — the Goldwaters have fished, engaged in some seagoing target practice with shotguns and pistols and watched slides of the Republican National Convention.

Goldwater plans to come ashore late today and spend the night with his wife at the Balboa Bay Club.

He formally launches his race against Johnson at Prescott, Ariz., on Thursday.

GENE GOODLING BADLY INJURED

NEWBERRYTOWN, Pa. (AP) — The Central Pennsylvania auto racing area suffered its second major mishap in two months Sunday night when Gene Goodling was seriously injured at the Susquehanna Speedway.

Goodling, 28, a leading Central Penn driver and a regular entry at Susquehanna, smashed his car up on the fourth lap of the 25-lap modified stock car feature race.

He was pulled unconscious from the racer and rushed to Harrisburg Hospital where he was in critical condition with internal injuries and a possible skull fracture.

RACER KILLED
Last July 5, Tony Bonadies was killed at nearby Williams Grove Speedway.

Curt Becker, a part owner at Susquehanna, said Goodling's car cracked up when a vehicle driven by Gene Kehr of Jonestown lost power coming out of the second turn as its engine faltered.

The feature event was restarted after the track was cleared of the wreckage and was won by Leroy Felty of Jonestown, also a regular at Susquehanna.

MORE SCHOOLS INTEGRATED

COLUMBIA, S.C. (AP) — The second week of widespread desegregation of public schools in South Carolina spread to Columbia and Richland County today where about 20 Negro children attended classes with white pupils. There were no incidents.

Nine Negro children entered four schools at Beaufort, where no incidents were reported. Ronald Washington, an 11th grader, entered Mossy Oaks High School and either other Negro children attended classes at three elementary schools.

In most cases, the Negroes were accompanied by their parents or other members of the family.

By the end of the week, about 260 Negro pupils will be attending classes with white children in South Carolina.

At least four segregated private schools, organized to avoid integration, were getting ready for their first year of operation — with an eye on state tuition grants.

Pennsylvania Sports

Danny Yaccarino was a one-man show Saturday as he pitched a no-hitter and slugged a home run to lead Staten Island, N.Y., to a 4-0 victory over Monterrey, Mexico, in the final game of the 18th annual Little League World Series.

Penn State football coach Rip Engle, reaffirming his belief in the power of Eastern football talent, goes looking for a quarterback Tuesday when the Nittany Lions begin preparations for their 1964 season.

Dropout Campaign Working Too Well

MIAMI, Fla. (AP) — "I know we have a campaign against school dropouts, but this is just too much," said Joan White.

She received a card from Palmetto High School requesting her to register today for the coming year.

She graduated from the school last June.

SCHOOLS IN BILOXI OPEN; NO INCIDENTS

BILOXI, Miss. (AP) — This tourist-conscious Gulf Coast city hopes for calm and quiet today as Negroes begin classes with whites for the first public school desegregation in Mississippi below the college level.

The state is the last in the nation to integrate its elementary and high schools under the historic U.S. Supreme Court decision of slightly more than 10 years ago.

Sixteen Negro first graders are enrolled in four formerly all-white schools.

NO INCIDENT
The registration for the Biloxi school system took place some two weeks ago without incident.

School Supt. R. D. Brown said he anticipated no trouble with the start of classroom work. Any outbreak inevitably would affect tourism, a major industry here.

Biloxi has been relatively free of the racial troubles that have happened elsewhere in Mississippi this summer. A wide-in attempt on the white sand beaches by Negroes erupted into violence in 1960.

First-grade classrooms doors were opened to Negroes by a federal court order which also directed Jackson and rural Leake County to lower racial barriers.

NEGROES REGISTERED
Jackson has registered 43 Negro first graders with classes slated to begin Sept. 14. Leake County registered first graders at four of its five white attendance centers, but no Negroes appeared.

Carthage, the largest school in the rural system, will conduct registration Tuesday for first graders. Civil rights sources say three Negroes will register.

The only other Mississippi school system ordered to desegregate is Clarksdale. To date no Negro applications have been made public.

MISS DAVIS IS

bon, The matron of honor, Mrs. John M. Fedison, Sarasota, Fla., and the bridesmaids, Miss Mary Ellen Davis and Miss Ruthanna Marie Davis, all sisters of the bride, wore gowns, headpieces and flowers identical to that of the maid of honor.

Dr. John Hundley, New York City, was best man and the ushers were John D. Thrush, Gettysburg; J. M. Fedison, Sarasota, Fla.; the bride's brother-in-law, Robert Wyatt Davis and George William R. Davis, brothers of the bride.

RECEPTION HELD
The bride's mother was attired in a floor-length gown of pastel blue chiffon over satin with a matching lace jacket and matching lace pillbox. She wore a corsage of Christian Dior roses. The groom's mother chose a floor-length sheath of French blue chiffon with a shoulder drape and a blue feather hat. Her corsage was of Peace Pink roses.

Following a reception in Fellowship Hall of the church, the couple left on a two-week honeymoon to Nassau and the Bahamas. For traveling the bride wore a conflower blue linen coat over a sleeveless blue print dress, with blue shoes and white accessories and the orchid from her bouquet. Upon their return they will reside at 7710 Maple Ave., Takoma Park, Md.

Out-of-town guests were present from Gettysburg, New York, Louisiana, Washington and Florida.

The bride was graduated from the University of Florida with honors in 1958. She is a member of Theta Sigma Phi, national women's professional journalism fraternity and past president of the University of Florida chapter. She also was selected to receive the chapter's first annual Theta Sigma Phi journalism award and was elected as a graduating Senior to Kappa Tau Alpha, journalism scholarship honorary. Following graduation she went to Washington, D.C., where she worked as a news writer and medical editor for the Armed Forces Medical Journal. Later she was employed as a writer-editor of the National Institutes of Health in Bethesda, Md.

Dr. Aiken graduated from Gettysburg High School in 1951 and received his Bachelor of Arts degree from Gettysburg College in 1954. He received his M.S. degree in 1956 and his Ph.D. degree in 1960 from the Pennsylvania State University. While at Gettysburg College and Penn State, he was elected to membership in Sigma Xi and Sigma Pi Sigma, honorary scientific societies. After his receiving his doctorate, he worked for a year at the Centre Nationale de la Recherche Scientifique, Service d'Aeronomie, at the Observatoire de Meudon of the University of Paris.

He is now employed as a physicist in the Space Sciences Division, Goddard Space Flight Center, Greenbelt, Md.

Saves His Energy At Home To Win Races

MILL VALLEY, Calif. (AP) — They ran the Dipsea Race for the 54th time Sunday over a grueling course of stairways, winding roads and mountain trails for 6.8 miles to Stinson Beach.

The winner was Gregg Sparks, 17, of Mill Valley, who started with 190 other entries up an agonizing stairway to a steep and foggy ridge. He finished 52 minutes and 19 seconds later.

"I can't understand it," said his mother. "He's so darn lazy at home."

To Use New System To Locate Taxpayers
WASHINGTON (AP) — The Internal Revenue Service promises something new next year in a perennial effort to make tax refunds to missing taxpayers.

About 275,000 refunds were returned to the government during the fiscal year which ended last June 30 because taxpayers moved without leaving forwarding addresses.

The IRS next year plans to use a new automatic data processing system to match the identity numbers on new returns with the numbers of persons who cannot be found.

SCHOOL OPENS THIS MORNING

McSHERRYSTOWN — The Annunciation of the Blessed Virgin Mary School started the new school year this morning with Mass at 8. There will be only half-day sessions all this week.

The borough of McSherrystown extends an invitation to any men or women who can give their services to helping children at street crossings during the school year. Please contact Burnell Wagner at the borough office or at his home, 523 South St.

Baptized Sunday morning in the Annunciation Church were Scott Andrew, son of Mr. and Mrs. Theron Neiderer, 414 Ridge Ave., sponsors were Vivian Neiderer and David Laugerman, cousin of the child; Scott Michael Ditzler, son of Mr. and Mrs. James Ditzler, 214 N. Third St., sponsors were Elmer Krichen and Rita Mummert, uncle and aunt of the child. The Rev. William T. Haviland baptized the children.

FORTY HOURS OPENS
Forty hours devotions opened in the Annunciation of the Blessed Virgin Mary Church with a High Mass at 11 a.m. Services are being conducted by Rev. Julius Durkin of the Passionist Order, St. Joseph's Monastery, Baltimore. Morning Masses for the forty hours will be at 5:30, 6:30 and a High Mass at 8 a.m. Holy Communion will be distributed before the early Masses for anyone who must leave early for work. Evening services will be at 7:30 p.m. Procession of the Blessed Sacrament Tuesday evening. All Holy Name and Altar Boys are asked to assemble in the school for the closing procession at 7:15 p.m.

There will be a Cub Scout committee meeting at 9 p.m. Thursday at the home of Dave Swope, 306 South St.

The regular meeting of the McSherrystown K. of C. will be held Tuesday at 8:45 p.m. at the K. of C. home, Main St. This will be installation of officers. All officers are requested to be present.

A party was given Sunday evening at the Walters Swimming Pool by Harry Walter, proprietor, for those assisting with the Red Cross water safety program during the summer. Those who attended were Gail, Sandy, Barb Miller, Jane and Susie Weaver, Theresa McMaster, Penny Neiderer, Vicki Bankert, Sally Grafta, Chris Price, Pam Snyder, Larry Kittleberger, Mike McCarthy and Camille Bowman.

The people of Cyprus should decide on enosis — union with Greece—but "under the condition that no foreign bases should be located on Cyprus," he said.

EXPECT KHANH TO RESUME JOB
WASHINGTON (AP) — Secretary of State Dean Rusk says civilians will have more authority under the revised government of South Viet Nam but the former leaders will continue in charge.

These include Gen. Nguyen Khanh, the strongman premier who stepped up to the presidency and then stepped down again after riots broke out. Nguyen Xuan Oanh was made acting premier last week while Khanh rests and recuperates.

Appearing on the NBC radio and television program "Meet the Press" Sunday, Rusk said Oanh is only temporarily in charge.

"We do expect Khanh back. He remains the prime minister," Rusk said.

Oanh had said much the same when he announced last week that he was taking over for two months because, he said, Khanh was mentally and physically ill. Washington sources reported, however, that Khanh had developed a cold and was resting and treating that ailment. They denied that any mental illness was involved.

Rusk acknowledged that Communists as well as some criminal elements may have infiltrated and influenced last week's riots, but said military field operations were not affected.

HEART DISEASE LEADS DEATHS
HARRISBURG (AP) — Heart disease claimed the lives of 53,495 resident Pennsylvanians last year—a record number, according to latest statistics from the State Health Department.

This represented 42.4 per cent of all resident deaths in 1963, the department reported Saturday, and was 744 more than the number of heart failures recorded in 1962.

Heart disease has been the state's leading killer for the last 40 years, the department breakdown noted. The figures showed a marked increase in the number of deaths due to arteriosclerosis—heart disease in the state over the last 14 years, said Dr. Charles L. Wilbur, state secretary of health.

Arteriosclerotic and coronary heart disease accounted for 40,626 deaths last year, 75.9 per cent of all heart ailment fatalities, he said.

STOCKS MIXED
NEW YORK (AP) — Motor stocks were uneasy in a mixed stock market early this afternoon as hard bargaining got under way for a new labor contract in the auto industry.

Gains and losses of fractions to about a point were scattered throughout the list of key stocks.

ONE HUNDRED YEARS AGO

The name of Rev. S. S. Schmucker, D.D., by a resolution of the Directors of the Theological Seminary, is to be retained in the Catalogue during his life as Professor Emeritus of the Institution.

The Borough Quota: This borough will, in all probability, be relieved from the present draft. A sum of money, sufficient to pay to each volunteer \$500, has been raised by the subscriptions of persons subject to the draft, of \$14,000 and by an appropriation of the Town Council of \$8,000 — in all \$22,000. In order that the matter may be closed up promptly, we have been requested to notify subscribers to pay up their subscriptions at once and thus enable the Committee to settle immediately with the volunteers.

Our townsman, Hon. Edward McPherson, returned from Washington on Thursday last. His book — "The Political History of the United States During the Rebellion" — announced some time ago — is finished and in the hands of the binder and will be issued in a few days. Those who have seen advanced copies speak of it in the highest terms, as the most valuable yet prepared on the subject. Mr. McPherson will doubtless, be frequently heard by our people between this and the Election. Knowing him as we do, we feel confident that his stirring tones and convincing arguments will be forthcoming against home and foreign traitors.

What Becomes of All The Cents? There were coined at the U.S. Mint in Philadelphia during the month of July, 5,360,000 cents and 2,370,000 two cent pieces. When it is remembered that the cent coinage at the mint has averaged about a half million per month for the last two years, and knowing as we do, that there are not quarter enough in circulation for change of even fractional currency, the question may well be put, "What becomes of all the cents?"

SEVENTY-FIVE YEARS AGO

At a public sale on Saturday last, the ware house of G. W. Wortz was bid up to \$1,500 but not sold. . . . We are now having it hot and dry and rain would be very acceptable. Some of our farmers seeded some wheat last week while others just finished making hay.

A camp of Sons of Veterans was organized at Hunterstown on Friday evening by Lieut. Harry A. Stewart and a delegation from Gettysburg camp.

Ammond Winand has been appointed Postmaster at New Chester and Amos Little at Idaville.

The corner stone of the Lutheran church at Hampton, Rev. H. C. Shindler, pastor, was laid on Sunday afternoon last in the presence of an audience containing over 1,200 people. Rev. Dr. Wolf preached the sermon and Rev. Dr. Baugher of this place and Rev. Reese of York Springs, conducted the altar services.

Today's Talk

ORGANIZED HUMAN BEINGS

There are men who are great executives, who have achieved marvelous results in organization of their business and vast enterprises, but who have failed miserably in the organization of themselves.

The death rate of these top men is tragic. The world needs them. Many of them boast they have never taken a vacation, that they have no hobbies to ease the strain of their labors, and that they are too busy to enjoy the simplest diversions that might add years to their lives. They save others, through their genius for organization, themselves they do not save.

There is nothing more inspiring than a well organized mind — one that has respect for its gift of organization, and puts it into personal application.

It is easy enough to recognize a finely organized business, the moment you look upon it. It is just as easy to recognize a well organized human being the moment you look upon one. There are poise, health, and power illustrated in the very face and manner. And behind it all, a silent reserve and potentiality.

The great executive delegates. His mind's eye streams invisible rays to all the parts of his great organization. Yet he frequently dismisses the importance of regular hours for himself, for time to eat undisturbed and relaxed, for essential exercise, and diversions of mind that the body so much demands. He himself is unorganized!

The long life of a business, or even of a nation, is dependent upon the proper organization. It's the same with a human being. A lot of happiness slips away, never suspected, because of personal disorganization. And how simple, and possible, the opportunity to have had its thrill and joy!

The happiest, and healthiest human being is that one who has every voluntary organ of the body under perfect control. That one is organized for a full and useful life. That one lives!

PEACE OF MIND

If all the curious facts were known
No man succeeds or fails alone,
A leader fell, so runs the tale,
Because a horsehoe lacked a nail.
Behind the victor there must be
Others as stout of heart as he;
For many a man with strength
and skill
Has failed because his child was ill.

Machines at certain speed can
make
Their revolutions till they break,
And what was yesterday their
feat
Today they surely can repeat,
But lathe and drill and whirling
wheel
No touch of pain or anguish feel,
Nor are they subject to the cares
Of home and family affairs.

An expert misses! Watchers sigh
That one so sure should go awry
But strength and cleverness
depart

When grief and doubt and worry
start
Upon a woman's smile or frown
Have turned both fortune and
renown.

Who journeys forth success to
find
Must labor with an easy mind.

'Tis strange that all achievement
swings
Upon so many little things,
Yet plan it is before our eyes
In peace of mind man's glory lies.
Who looks for happiness ahead
Must leave no grief behind to
dread.

Despair at home, how'er
concealed,
Means failure on the battlefield.

A Good Appointment: Mr. Calvin Hamilton, of this place, has been appointed Assistant Superintendent of national cemeteries and has been assigned to the national cemetery here. He has in consequence resigned his position as Principal of the common schools of the town. Where Mr. Hamilton is known his appointment needs no commendation. He is peculiarly well fitted for this position. He is an intelligent, well educated, refined gentleman, has popular manners and special fondness for horticulture. He enlisted early in the war and did full duty of a soldier unit severely wounded in the Battle of Gettysburg. For the past ten years Mr. Hamilton has been Principal of the schools of this borough and has been a faithful, conscientious and efficient teacher, giving universal satisfaction to parents, scholars and directors. There will be general regret at his withdrawal.

The Littlestown Junior Chamber of Commerce is selling car seats. The foam rubber cushions are ideal for football games and other uses. The seats have 36 advertisements on one side and the high school emblem on the other side. This and other projects and activities will be discussed at the meeting of the Jaycees Board of Directors at 8 p.m. on Tuesday in the chapter rooms at the Community Center.

The football coaches of Littlestown High School will be guests of the local Rotary Club at a dinner meeting on Tuesday at 6:15 p.m. at Schottie's Hotel. The program will be in charge of the community service committee composed of Richard W. Staley, chairman; L. Robert Snyder, Clarence J. Richten Jr., Charles W. Slusser, Carroll E. Arter and George W. Strevg.

Reports on the summer carnival will be presented at the monthly meeting at Alpha Fire Company No. 1 at the engine house on Tuesday, at 8 p.m. The social committee includes Robert Hahn, Terry Lightner and Eugene Collins.

The Alpha firemen answered two alarms during the weekend. On Saturday at 5:30 p.m., a call was received to the Jay Way-bright farm, Littlestown R. 2. A field fire was extinguished with no damage. The firemen responded to an alarm at 12:45 p.m. on Sunday to the Leroy Harmon property, along the Cherrytown Rd., Carroll Co. Two acres of woodland burned and the cause was unknown. Two pumps and a rescue truck were taken to the scene.

Roy Motter, Taneytown, received the grand prize of the Kingsdale Fire Company carnival, a 1964 automobile, on Saturday night. The Littlestown High School Band presented a concert on the closing night of the week's affair.

A mixed chorus sang "Unto the Hills," under the direction of Dr. Esther Becker, during the Sunday worship service in Redeemer's Church of Christ. Miss Darlene M. DeHoff was organ accompanist, and Miss Ann E. Kroh was flute soloist. A message on the subject, "When It Is Hard To Do Right," from the theme "The Hard Commands of Jesus," was delivered by the pastor, the Rev. Glenn K. Flinchbaugh.

HOLD REUNION

A reunion of the family of the late Mr. and Mrs. Charles Deardoff was held Saturday at Hickory Bridge Farm, Orrtanna. A family style dinner was served in the restored barn. The following attended: Mr. and Mrs. Richard Conway and son, Terry, Carol Tipton, Robert Dowell, Mr. and Mrs. John Robert, Minta Deardoff, Mr. and Mrs. Clarence Wolfe, Mr. and Mrs. Theodore Deardoff, Margaret Showmaker, Mrs. Charles J. Deardoff and children, Charles, Linda, Pamela and Rhonda, Mr. and Mrs. Warren H. Deardoff and children, Gary, David and Carol, Mr. and Mrs. Preston Stambaugh and son, Greg, and Mrs. Robert Hay and children, Alesia and Sonja, Alma Deardoff, Mr. and Mrs. Lawrence Kimpke, Joyce and David Hartman.

CONGRESS IN
SESSION TODAY

WASHINGTON (AP) — Congress returns today for another try at settling the controversies that prevented its adjournment in advance of the Democratic National Convention.

Both the House and the Senate scheduled sessions ending a convention week recess, but House leaders planned little business before Tuesday.

The Senate faced up to a renewed fight over health care for the elderly under the Social Security program. President Johnson's backing for this program could make it one of several stumbling blocks in the path of an early adjournment.

Another is an attempt by some members of Congress to halt or at least delay the reapportionment of state legislatures.

Three Gettysburg area men have enlisted in the U. S. Marine Corps and have been transferred to the U. S. Marine Corps Recruit Depot, Parris Island, S. C. They are John R. Biggins, the son of Mr. and Mrs. Donald S. Biggins, Gettysburg R. 4 (top); Richard W. Boyer, son of Mr. and Mrs. Warren M. Boyer, Gettysburg R. 6 (middle); and Shelby A. Robert, III, the son of Mr. and Mrs. Shelby A. Robert Jr., Box 108, Gettysburg.

Private Biggins enlisted for four years and Privates Boyer and Robert for three years.

Upon completion of their recruit training they will be transferred to Camp Lejeune, N. C., where they will receive four weeks of advance training prior to being assigned to school in one of the many specialists' fields in the Marine Corps Air-Ground Team.

Letterkenny To
Permit Hunting

Hunters will again this year be permitted to hunt at Letterkenny Army Depot, it was announced today by Lt. Colonel Floyd V. Perrine, the post's conservation and wildlife officer.

The number of hunters allowed to hunt in the ammunition storage area of the depot will be limited, however.

Those desiring to make application for hunting privileges at the depot must submit a post card for each season in which they want to hunt. Post card applications for the archery season must be postmarked no later than September 15; for the small game and antlered deer seasons, no later than September 30; and for the antlerless deer season, no later than November 17.

Information required on post card applications includes the name, address, and hunting license number of the applicant, as well as an indication of the season for which the applicant is applying. Post cards should be addressed to: Hunting, Letterkenny Army Depot, Chambersburg, Pa., 17201.

MRS. LUTHER WETZEL
642-8203

ORRTANNA—Mr. and Mrs. Jay Biesecker and children, Jay Jr., Paula and Dorothy Florin were recent visitors with Mr. Biesecker's cousins, Mr. and Mrs. Andrew Lochbaum.

Janet Martin spent a week with her grandparents, Mr. and Mrs. Paul Martin, Wabesboro R. 2. She was accompanied to the home of her stepfather and mother, Mr. and Mrs. Raymond Lochbaum, at the conclusion of her stay.

Mrs. Harry Ross, Sparrows Point, Md.; Mrs. Addison Garrett, Hanover, and Mrs. Eva Baltzley, Gettysburg, were recently entertained at dinner at the home of Mr. and Mrs. Luther Wetzel in observance of the birthday anniversary of Mr. Wetzel.

Rev. and Mrs. Alfred Gotwalt attended a session of the school of missions at Camp Penn. Mrs. John Newell of Mt. Calvary EUB Church attended the three days of school of missions there.

William H. March and sons, Mt. Holly Springs, have been awarded the contract to re-roof and build a chimney on and to the Mt. Carmel EUB Church. Work is to begin immediately.

Sunday visitors at the Luther Wetzel home were Mrs. Gladys Baughman and daughter, Janice, and Mrs. Lillian Cromer, Hanover; Mrs. Gladys Clouser and children, Connie and Michael, Littlestown; Mrs. Kermit Wetzel and daughter, Candy, Solley, Md., spent Tuesday with the Wetzels, her parents-in-law.

Timothy Lick, Manchester, Pa., spent several days with his uncle and aunt, the Rev. and Mrs. Alfred Gotwalt. The Rev. and Mrs. Gotwalt visited recently at the Richard Lick home in Manchester.

Ronald and Shirley Deardoff returned to their home in Newburg, N. Y., after spending two weeks with their grandmother, Mrs. Ruth Deardoff, and other relatives.

OSLO, Norway (AP) — A Norwegian archeologist says a tiny spinning wheel discovered in Newfoundland is proof that Norse explorer Leif Ericson discovered America five centuries before Columbus.

The archeologist, Anne-Stine Ingstad, dug up the wheel Aug. 14. The wheel, about an inch wide, and made of soapstone, arrived here this week in a cigarette box.

A sacrifice fly ball provided the difference Sunday as the Springfield Giants edged the Charleston Indians, 5-4, in a game which featured the first triple play in the history of Charleston's Watt Powell Park.

Nine pitchers saw action in the contest, until Dick Pawlow's sacrifice fly in the extra frame scored Dan Markowski with the winning run. It gave the victory to Dick Slowkowski (1-0), while lefty Frank Smith took the loss, his third in seven decisions.

The triple play came in the sixth, when Johnny Butler grounded to third wien men on first and second. Frank Johnson stepped on third, forcing one, threw to second for another force out, as Larry Edmondson relayed to first for the capper.

The win brought the Giants into a tie with the Reading Red Sox, both 2½ games behind league-leading Elmira.

It was the only game scheduled Sunday.

Chemistry Transforms Coal Into New Uses For Industry

Editors Note: The atmosphere inside and outside is as hushed and clean as a hospital, but the building actually houses the Federal Research Center for finding new uses for hard coal. This AP State Spotlight tells of some of the work being done there to revive the coal industry's lost prosperity.

By BILL O'BRIEN

Pottsville Republican
SCHUYLKILL HAVEN, Pa. (AP)—You'd never recognize hard coal after some of the things done to it at the U. S. Bureau of Mines Research Center near here.

The modern magic of chemistry is being used to transform anthracite into new forms which may one day restore some of the industry's lost prosperity.

For instance, if a new type briquet (a mass of fine material mixed with a binder and pressed into shape) now in the final stages of development proves as good in tests as it appears on paper, it could displace coke as the No. 1 blast furnace fuel for steel and other metallurgical industries.

SOURCE OF GAS

Another process now being tested could make anthracite an important source of synthetic natural gas. Which means that coal producers may find themselves promoting gas as a fuel instead of competing against it. The new process consists of using pure hydrogen on coal to produce essentially pure methane.

Some other projects underway:

—A method of reducing ash content in anthracite without having to treat it chemically.

—Development of processes by which modern coal preparation plants can significantly improve their efficiency without major changes in equipment. This project is nearly complete and soon will be drafted into print for the benefit of the coal industry.

RADIATED COAL

—Methods of producing fluorocarbons from anthracite. These chemicals are used in manufacturing various products on today's markets. Initial tests at the center were done by treating the coal with radiation, but the chemists believe they can obtain similar results without radiation.

—Studies of various anthracite seams to determine the character of coal available in each. This will enable the industry to locate types of coal needed to meet specific demands of consumers who want certain ash content, etc.

FEDERAL OPERATION

Hundreds of Schuylkill Countians pass near the research center daily but few know what's going on inside. Many probably aren't even aware it's a federal operation supported by their own taxes and striving to help their area's economy.

The building's trim appearance isn't what might be expected of a structure engaged in anthracite work. Nowhere is there a trace of the tell-tale black dust nor the din of machinery ever present around coal operations.

The only hint that the building may be involved with coal is a huge chunk of anthracite on display at the entrance. The lab is set in quiet green landscape, and its atmosphere inside and out is as hushed and clean as a hospital. It is located on the south side of Route 443, which connects with Schuylkill Haven's Main Street and intersects with Route 61 just east of Rest Haven.

BUILT LABORATORY

Congress originally approved the appropriation to build the center in 1942, but wartime delayed it until 1948. The main building was finished in January 1950. A wing was added in 1953, and a gas laboratory was added last year.

Occupying most of the research attention now is the aforementioned blast furnace briquet which is in the final stages of a 10-year development.

A similar briquet was tested

two years ago at the Bureau of Mines Blast Furnace Test Center in Pittsburgh. It proved to be equal to coke, but now the Schuylkill Haven researchers have what appears to be a better version. It has lower sulphur content and greater strength to support the weight of metals being heated above.

ADD NEW EQUIPMENT

The Bureau of Mines recently approved \$41,000 worth of new equipment which the center will use to produce the new briquets.

This equipment is due to arrive Jan. 1, and it is hoped the briquets can be produced in time for testing next year.

James E. Eckerd is director of research at the center.

Curiously, neither he nor most of the other 14 professional employees are natives of anthracite territory. Only two of the 15 can be described as born "coal crackers."

Eckerd was reared in Perry County and has been in coal research since 1940. Some of his previous experience was at Penn State University and with the Reading Anthracite Co.

40 CENTER WORKERS

All told, there are 40 employees at the center. All have civil service status and all reside in the area with the exception of one commuter from Hazleton.

The center operates on a yearly federal appropriation of \$380,000, of which \$313,000 goes toward the payroll.

In addition to its efforts to give direct aid to the coal industry's economy, the center also provides important indirect help.

One such instance was three years ago when the U. S. government was considering the purchase of anthracite to supply heat for U. S. personnel in Germany. To prove the adaptability of Pennsylvania hard coal to European heating equipment, Eckerd accompanied a representative of the anthracite industry overseas and conducted the tests. His report showed favorable results and the government has since purchased hundreds of thousands of tons of coal for shipment overseas.

EVALUATION WORK

The center also has done detailed evaluation work on special laundry screens, paving the way for their widespread use in today's bustling fine coal plants.

Another important contribution has been efficiency rating studies to determine the ability of coal stokers to compete favorably with other forms of heating equipment. The findings of these studies have swayed many decisions in favor of coal heat in larger buildings such as in schools and post offices.

While the center has produced no spectacular developments all during the 14 years it has been operating, director Eckerd believes the operation is worth the money appropriated for it.

"It is contributing basic information and supplying assistance to the industry as it needs it," he said, "and we are exploring the possibility of increased or new utilization of anthracite."

WASHINGTON (AP) — President Johnson's 17-year-old daughter, Luci Baines, is back in Washington after a leisurely weekend of swimming and sunning at Atlantic City.

She had remained at the New Jersey resort after the Democratic National Convention.

Though Atlantic City lost one notable Sunday, it gained four. The Beatles arrived for a four-day stay.

J. R. HOLLINGER DIES

ATLANTIC CITY, N.J. (AP)—Funeral services will be held here Tuesday night for John R. Hollinger, one-time business manager of West Chester, Pa., State College. Hollinger died Saturday in Atlantic City Hospital.

A native of White Oak, Pa., Hollinger was college business manager between 1913 and 1929, when he moved to Atlantic City and entered the hotel business.

NAI REPORTS ON APPLE CROP AT CONFERENCE

Thirty-five grower organization managers for promotion and marketing from nearly all major apple producing sections of the nation, plus economists from colleges and state and federal departments of agriculture, met at Grand Rapids, Mich., August 19-21 for the 13th annual Apple Marketing Clinic and the pre-marketing season conference of the NAI Marketing Division.

The three days of work sessions were devoted to a thorough going analysis of the 1964 apple crop, area by area, its estimated probable utilization and the "tools" and programs of industry and government to help market it profitably.

Using as a base, the August USDA forecast of 147 million bushels national production, the group "dissected" this total figure to analyze its makeup variety by variety, area by area, and by probable utilization.

Fred P. Corey, NAI executive vice president, reported that these summary points, among others were reached:

1. Of the probable 147 million bushel national production, about 96 million bushels were estimated to be marketed fresh, about 51 million bushels utilized in processed apple products.

2. The 1964 estimated production is just 17 per cent greater than the 1964 crop which was marketed with relatively little difficulty.

3. Production is more uniformly distributed among all major supply areas than any crop in recent years.

4. Condition, size, color, quality generally, is excellent to date. Most all areas have had seasonal periods of dry weather, but critical drought areas, and consequent small sizes of fruit, are minimum. Hail damage and other adverse factors of condition and quality are minimum to date.

5. Processing will utilize a greater portion of production in an increasing volume of high demand slice, sauce, juice and specialty products. This also provides increasingly for utilizing the less highly colored, top finish fresh fruit and provides opportunity for increasingly efficient and profitable marketing of both processing and fresh fruit.

6. Handling and storage facilities are annually improving . . . additional capacity for two to four million more bushels in C. A. and regular refrigerated storage will further the stability of a good season long market.

7. Apple sales continue to improve in coordination, consolidation and cooperation.

8. Industry advertising and merchandising of the crop will be at an all time high . . . not nearly as great as needed, but annually going up, and with a concerted push to do all possible this season.

9. Economic conditions are good . . . there is a hungry potential market which is available to aggressive promotion and marketing.

SALT LAKE CITY, Utah (AP) — President David O. McKay of the Church of Jesus Christ of Latter-day Saints has made considerable recovery from a coronary thrombosis but is expected to be hospitalized for another week at least, doctors say.

McKay, who will be 91 Sept. 8, was admitted to the Latter-day Saints Hospital over a week ago.

James MARLOW Reports

By The Associated Press

Associated Press News Analyst

ATLANTIC CITY, N.J. (AP)

— The Democrats have laid down, in a speech and a platform, the main lines they will pursue in the 1964 campaign.

But the platform showed the controlling hand of President Johnson, even though he was still in Washington, as much by what it left unsaid as by what it pinpointed.

It's a compromise document plainly intended to prevent party-shattering splits. Particularly it tries to avoid alienating Negroes or Southerners, city-dwellers or farmers.

MAKES IT DULL

Yet, the very conscious, and apparently successful search for harmony here is going to make the Democrats' get-together even duller than last month's Republican convention, where the forces of Sen. Barry Goldwater completely dominated the show.

Here are those main lines voters can expect the Democrats to follow:

1. Americans never had it so good, and were never militarily so strong, as under the Kennedy-Johnson administrations. The Democrats claim the longest and strongest peacetime prosperity in our history.

2. Extremism will be a persistent Democratic target.

MAKE PROMISES TOO

The platform condemned it, specifically naming the Communist party, the Ku Klux Klan and the John Birch Society. Pastors said the Republicans have been taken over by reactionaries and extremists.

The Republican platform avoided repudiating extremism and, while Goldwater later said he did not want the support of

the Ku Klux Klan, he did not do the same about the Birchites.

3. The platform promised new programs — such as expanded aid to education and broader health facilities, to name a couple — which would mean even broader participation of the federal government in American life.

BASICALLY DIFFERENT

The Republican platform promised some new programs, too, but because of its heavy emphasis on less government help and participation it is basically different from the Democratic document.

It was on some very sore subjects that the Democratic platform was most cautious. For instance, civil rights.

It promised "fair, effective enforcement" of the Civil Rights Act of 1964. This is the least it could do without alienating Negroes and Northern liberals. Because it was a minimum, it would not infuriate the South.

"UNITY" PLATFORM

The best evidence that this was the language of political compromise is that Northern and Southern members of the Platform Committee acclaimed their work as a "unity" platform and a winner in November.

It said — but didn't attempt to promise, even if the Democrats are in control — that Congress should change its rules to end filibusters after reasonable debate. The filibuster is the South's main weapon against civil rights bills.

And, for the first time since World War II, the platform omitted any demand for new civil rights legislation.

AN ISSUE DUCKED

Even though Goldwater voted against the 1964 civil rights bill, the Republican platform on this subject seemed a little stronger than the Democrats.

While it promised "full implementation and faithful execution of the civil rights act of 1964," it went on to promise "such additional . . . legislative actions as may be required."

But the Democrats' platform

WANTED MAN SLAIN BY COPS

BRADFORD, Pa. (AP)—A Bradford man, sought for questioning in a series of auto thefts and burglaries, was shot to death Saturday in a gun battle with police in this McKean County town.

Melvin K. Sikes, 50, an ex-convict, died in Bradford Hospital about two hours after being shot in the head.

Police said Sikes' car was spotted near the home of his sister-in-law, Mrs. Ernest Sikes in a hilly brush section of the community and officers converged on the home.

Acting Police Chief John Woodley said that while he was talking with Mrs. Sikes at the front door, Sikes dashed out the back door.

Officers John Colosimo and Johnson D. Arbuckle, stationed at the rear of the house, saw Sikes approaching and when he opened fire with a .32 caliber pistol they shot back, police said.

entirely ducked — and here Johnson's hand was plainly at work — any mention of the problem of reapportioning state legislative districts on the basis of population.

LBJ'S WISHES

The Supreme Court had ordered this to give all voters a more equal voice in their legislatures. It could wreck some present state political machines. There is a fight now in Congress to postpone or entirely block the court's decree.

The Democratic platform not only didn't back up the court, it never mentioned reapportionment. A Platform Committee source said Johnson had sent word he wanted no reference to the subject because in his view any position the platform took would alienate city voters or farm voters.

Chicagoan Elected As Amvets' Chief

PHILADELPHIA (AP)—Lincoln Tamraz, a Chicago businessman, has been selected national commander of the AMVETS at the group's 20th annual convention.

Tamraz defeated Joseph Porter of Pottsville, Pa., at Sunday's election.

Other officers elected included Vance Beachley, Harrisburg, vice commander for membership, and Andrew LaPorte, Johnstown, Pa., provost marshal.

Auxiliary officers included Ellen Bogatay, Greensburg, Pa., treasurer.

King's College in Aberdeen, Scotland, was founded in 1494.

Today In Washington

WASHINGTON (AP) — Federal tax collections reached a record of \$112 billion during the fiscal year that ended June 30.

During the last four months of the period, the income tax cut was in effect. But most of the taxes collected during this period were on 1963 income, so they did not reflect any substantial impact of the tax cut.

Treasury officials said it will be impossible to assess the full effect of the tax cut until taxes on 1964 income are collected next April 15.

WASHINGTON (AP) — The Air Force has been accused of making excessive living-quarter allowances to civilian employees in Japan which in 1962 averaged 40 per cent above allowable expenses.

A report Thursday to Congress by the comptroller general's office said some of the employees received "windfall profits."

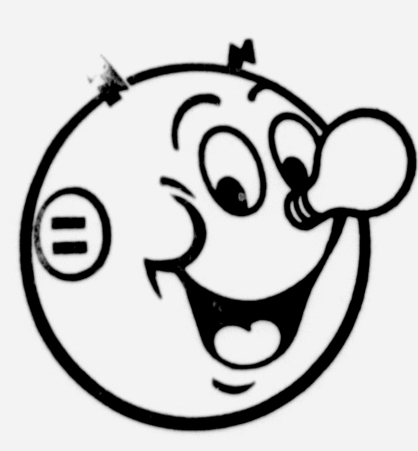

It also said that the Air Force granted the maximum prescribed rates for living quarter allowances for civilian employees in foreign areas even when regulations required reductions.

WASHINGTON (AP) — The United States and the Philippines reached agreement in principle Thursday on a treaty to avoid double taxation.

The treaty assures American companies which pay taxes in the Philippines that they will be given a credit on the payment of taxes owed to the United States.

NEW YORK (AP) — Jess L. Ballew is the new publisher of the Saturday Evening Post.

The Curtis Publishing Co. announced Sunday that Ballew will succeed C. L. MacNally, who now is associated with a New York advertising agency. Ballew, who also will remain director of advertising, his wife, Doris, and their two children reside in Rye, N.Y.

N. Y. TO EXTEND SCHOOL YEAR TO 210 DAYS

WASHINGTON, D.C. — Schooling, like oysters, is no longer limited to the R-months.

In fact, to the parents of hundreds of thousands of youngsters who polished off courses this summer and are now heading back to school for the regular term, it seems as if school has suddenly become a year-round proposition.

The unexpected popularity of summer school has gladdened the hearts of those who have been advocating an extension of the regular school year or an all-year school term since way back in 1904.

In those early days, says the National Education Association, their proposals were usually based on the idea of getting better utilization of school plant, personnel and instructional materials. These are still important arguments for lengthening the school year, but even more pertinent nowadays is the vastly increased amount of knowledge students must somehow absorb during their years of formal education.

MANY FLAWS

When people discuss the "all-year school," they usually refer to the idea of a four-quarter system with each child attending classes for three quarters and vacationing during the fourth. This has been actually tried in several places, says NEA, and studied in a great many more, especially in recent years. But the system has many flaws, is not looked upon with great favor by parents and is not expected to be in operation anywhere as the

1964-65 school year begins.

The "extended" school year, on the other hand, will be given a tryout, according to NEA, in several districts of New York State this year — notably New Rochelle, Syosset and Hornell.

These districts will lengthen the usual 180-day school year to 210 days with the idea of compressing 13 regular years of school into 12 or 11. Educators hope that through this plan educational costs will be cut, school facilities will be used more efficiently and drop-outs will reach higher education levels before leaving school.

But it is the summer school that has been the real "sleeper" proposition in all this — especially the kind of summer school program that offers opportunities for youngsters to take courses they could not squeeze into their regular educational program from September-June. It has become, says NEA, the most practical and advantageous of the all-year school plans.

PUPIL INCENTIVES

Among the many imaginative and unusual summer school programs in recent years that have kept children in school, kept teachers teaching and kept school facilities in use were these:

The "Governor's Honors Program" for talented high school Juniors and Seniors in Georgia and North Carolina.

The student exchange program with Mexico sponsored by Topeka, Kan., schools.

The Creative Learning Center for pupils in Fifth Grade and up in Akron, O.

The science-technical writing program in a California high school with students working individually with scientists of the community.

NEA says that subjects which used to be considered rare in summer school years ago are now quite common. For example: Study skills, rapid reading, drafting, personal typing, driver education . . . and the list grows longer every year.

So, as you prepare your youngster for the back-to-school season, it may well be you are inaugurating a schoolday routine of packing lunches and getting him off on the school bus that will continue not for just the next nine months, but for almost the next 12!

A Lovelier You

FIRST IN FASHION. What's it to be, your first fall fashion? Now, if ever, is the time for a

sun or a coatdress. Advantages are terrific.

Silhouettes are graceful and slimming, for the line comes close to the figure without strangling any area. Tailoring is in its heyday — slick, precise, but never severe. A wide choice of fabric, color and detail offers a chance to express one's own fashion flair in the most flattering terms.

The flattery of coatdresses is implicit, owing to skinny shapes, double-breasted and lightly-belted closings, classic materials and deep shades. Gray flannel and curly knit, for instance.

Suits take four main directions, and one of them is bound to suit your looks to perfection. If you're a petite, the suit with your name on it is a bright featherweight tweed with a busby jacket and a skirt with controlled pleating. The avant-garde fingertip jacket, really a "bantam" overcoat, in bold-as-brass tweed is designed for your stature, if it's tall and slim.

For the average to heavy figure, there's great news in side-closed, narrow-belted suits with easy moving skirts, and in soft, deeply-colored wools. The model figure? Well, she's a girl for all suits. But she just might hit her best stride in a zingy, swingy glen tailleur.

That's the picture. Why not get in it?

Pa. Employment Highest Since '59

HARRISBURG (AP) — Total employment in Pennsylvania reached its highest July level this year since 1959, the state Labor and Industry Department reported today.

William P. Young, labor and industry secretary, said the total employment for last month was 4,378,400 or 45,900 higher than the same month a year ago.

While employment declined 8,500 from mid-June to mid-July, the drop was only about one-fourth the usual June-July seasonal employment loss, Young said.

More Southern Schools Integrate

ATLANTA (AP) — Southern states, applying their interpretation of the Supreme Court's deliberate speed rate for school integration, are opening additional previously white schools to Negroes.

Registration of Negroes for the first time proceeded in a number of cities and counties during the week. In most instances the change is the result of court action. Negroes contend the rate still amounts to only token integration.

Threatened withdrawal of federal funds — a new lever brought into play by the Civil Rights Act, could be responsible for integration gains in some areas. Federal authorities indicated recently that voluntary compliance would be sought before federal assistance funds are cut.

Protest Delay Of Decision On Blatt

PHILADELPHIA (AP) — The Democrats may be without a senatorial candidate in the fall elections if there is any further delay in certifying the candidacy of Genevieve Blatt, the city solicitor's office says.

"If no certification is made until final disposition by the U.S. Supreme Court, there is substantial danger that it would be impossible to place the name of any Democratic candidate for office of U.S. senator on the ballot . . ." the solicitor's office said in a petition to the Pennsylvania Supreme Court Friday.

The petition, supported by Miss Blatt's attorneys, was filed in reply to a petition filed Thursday by Justice Michael A. Musmanno, Miss Blatt's primary opponent for the Democratic senatorial nomination.

Musmanno asked the state court to stay Miss Blatt's certification.

Whisky Row, Palace Bar Of Cowboys, Miners, Mark Site Of Barry's Kickoff

By HUGH A. MULLIGAN

PRESCOTT, Ariz. (AP)—Republican Barry Goldwater formally opens his presidential campaign here Thursday in the city where his uncle, a staunch Democrat, has been proclaimed Man of the Century.

Prescott, Elev. 5,354, Pop. 18,037, was the capital of Arizona during the rip-snorting territorial days. Pine-scented and mountain-rimmed, it now dreams of becoming the summer White House. It always has been Barry Goldwater's "lucky town."

Here he launched two successful campaigns for the U.S. Senate. Here he learned merchandising, starting as a stock clerk in the family store that had the distinction of being the first brick building in Arizona.

FIRST TASTE

Here he got his first taste of politics, passing out handbills for his Uncle Morris, who was mayor of Prescott for 23 years and both speaker of the House and president of the Senate in the Territorial Legislature.

Morris Goldwater, who died in 1939 after a full and adventurous life on the old Arizona frontier, helped organize the state's Democratic party, order of Masons and constitutional convention. Lake Goldwater, the city's reservoir, is named for him.

Sen. Goldwater will kick off his campaign on the steps of the handsome Greco-Roman pillared Yavapai County Courthouse.

WHISKY ROW

Directly across the tree-shaded plaza still stands the roaring remnants of Whisky Row, with its famous Palace Bar, and, on the opposite side, the Goldwater store.

Most of the signs of its pioneer beginnings have disappeared, including Prescott's Chinatown, once the West's largest outside of San Francisco.

But Montezuma Street, alias Whisky Row, still leaps to life every Saturday night when the cowhands and the miners flock

in from the surrounding ranches and lead and zinc mines.

The faro tables and roulette wheels have long since given way to pinball machines and juke boxes, and a rock 'n' roll now blasts away where Little Egypt doffed her draperies. The local barbershop still advertises hot baths at 50 cents and the ranchers still stretch out their mountain lion skins on the pool table in the Palace Bar to collect the \$50 state bounty.

"Count the bullet holes in the ceiling—there's 17 of them," urged a patron in the Palace on a recent Saturday night. "And see that big old wooden bar? They took it out of a New York bar in 1878 and brought it here around the Horn by ship and across the desert from California by wagon train. The mustache towels are gone, but it's still the best looking piece of furniture in town."

GREAT FIRE

The ornate old bar survived the great fire of July 4, 1900, that wiped out Prescott's business district, except Chinatown, and brought Dude Hose Co. No. 2, organized by Morris Goldwater, hurrying to the scene. The Dudes, made up of merchants and bankers, traditionally slugged it out at the scene of every fire with volunteers from Toughs Hose Co. No. 1, comprising the saloonkeepers and customers of Whisky Row. This time both were helpless because the water ran out. Legend has it that the piano player at the Palace stuck to his stool until the floor collapsed under him.

CENTENNIAL YEAR

Now celebrating its centennial, Prescott was founded in 1864 on a whim of Republican President Abraham Lincoln, who decided to locate the territorial capital way out in Apache country rather than at Tucson, a hotbed of secessionist sentiment. Morris Goldwater, who arrived in 1876 with Big Mike Goldwater, Barry's grandfather, never did rate a statue in the Plaza. But when the centennial commission posthumously named him Man of the Century, he did rate an oil painting in the new City Hall not far from the portrait of William Hickling Prescott, the Harvard historian of the Old Southwest for whom the city was named.

UAW RESUME TALKS FOR NEW PAY CONTRACT

DETROIT (AP) — United Auto Workers President Walter P. Reuther was to face his familiar foe today after apparently quelling a brief but stormy revolt within his union's ranks. Reuther was set to put in another personal appearance at the bargaining table as the UAW and Chrysler Corp. continued efforts to hammer out a new and pattern-setting contract.

Current pacts with Chrysler and fellow auto industry giants General Motors and Ford, originally scheduled to expire today, have been extended until Sept. 9.

STRIKE DEADLINE

That was the strike deadline handed Chrysler by UAW leaders last week.

Chrysler, the smallest of the automotive Big Three, showed no sign of plans to improve on the contract offer made to the UAW on Aug. 17. The union rejected offers from all three companies as inadequate.

Reuther and top UAW officials faced a brief flurry of protest over the weekend at a meeting of the GM workers council, which represents some 354,000 GM employees.

Leonard Woodcock, chief of the union's GM department, conceded that some workers are unhappy with the decision to pick Chrysler instead of the larger General Motors as the target for a possible strike.

Several men who said they were UAW members from plants of GM's Termosted Division picketed the council meeting Saturday to protest the fact that GM was not selected.

Woodcock said tempers in the meeting were soothed after union leaders gave assurances that GM workers would get their chance to pressure their employer over changes in working conditions.

The federal government estimates the basic average hourly wage in the industry at \$3.01. The company offers involved increases of about 35 cents over the three-year contract spans.

Bargaining was to resume at Ford today and at GM on Tuesday, but attention was focused on the talks at Chrysler, which probably will determine whether there will be a strike in the booming auto industry this year.

MEDICINE HAT, Alta. (AP) — Ivan Volovchenko, Soviet minister of agriculture, says a good Soviet grain crop this year doesn't mean the Soviet Union won't buy more Canadian wheat.

"The Soviet Union has a good crop in different types of agricultural plants," said Volovchenko in an interview. "But this does not preclude purchases of Canadian wheat or flour for the broadening of trade relations between Canada and the Soviet Union."

Volovchenko is on a tour of Canada.

Today In Washington

WASHINGTON (AP) — The Post Office Department will give Christmas mailers this year a choice of four red and green 5-cent postage stamps. It is the first time in philatelic history that a four-in-one issue had been offered the public, the department said.

A 100-stamp sheet, the department said, will contain 25 stamps of each design — a sprig of holly, mistletoe, pine cones and poinsettia.

WASHINGTON (AP) — The federal government has spent \$32 million to help 177 communities set aside more than 100,000 acres for recreational and scenic use under the Open Space Program established by Congress in 1961.

The Urban Renewal Administration said Friday that states, cities and other local governments contributed about \$90 million in the program which permits the federal government to pay up to 30 percent of the cost of acquiring undeveloped land.

Sources said the action Friday stemmed from last week's burning of a newspaper by militant Buddhists reportedly provoked by insulting remarks to the Young Buddhists Association.

Philadelphia Is Shocked By Rioting And Looting

PHILADELPHIA (AP)—Philadelphia remains relatively calm today after the "City of Brotherly Love" was shocked by a weekend of sudden and explosive rioting and looting in the predominantly Negro section of North Philadelphia.

Here is a chronology of the outbreaks which flared violently Friday night, with sporadic looting and pillaging continuing throughout the weekend:

Friday

9:35 p.m.—A police car team of a Negro and white patrolman responded to a routine call of a stalled car in North Philadelphia. Police said later that Mrs. Odessa Bradford, 24, and her husband, were arguing in the vehicle and backing up traffic.

Police said Mrs. Bradford kicked and punched the officers when they tried to pull her from the car. A crowd gathered, bottles, rocks and bricks were thrown and the battle with police was on.

Reinforcements were called and order was restored, for a time.

11:50 p.m.—A police car patrolling the section ran into a barrage of bricks and bottles and more police raced to the scene. Wholesale looting and vandalism broke out. Police established a command post in the heart of the area and top police officials and Negro civil rights leaders appeared in efforts to stop the rioting.

Saturday

3:45 a.m.—Cecil B. Moore, president of the Philadelphia

branch of the National Association for the Advancement of Colored People appealed to the rioters to disperse, but his efforts were ignored.

7 a.m.—Police Commissioner Howard R. Leary ordered all taprooms in the area closed until further notice and said "this situation is still not under control."

11 a.m.—Leary announced the worst of the rioting appeared over. Workmen and merchants clean up job.

Noon — Mayor James H. J. returned hurriedly from his vacation to set up emergency headquarters in City Hall. He issued a proclamation under the state "Riot Act" of 1850 announcing that any person arrested in the 90-square block riot area would be subject to two years imprisonment.

6 p.m.—The mayor appeared on television to urge residents of the area to stop the rioting, saying it had no relation to civil rights fights by Negroes, but was criminal hoodlumism and looting.

8 p.m.—Sporadic violence broke out in the area as police fought "hit and run" battles with gangs of looters.

11 p.m.—A beefed-up force of more than 1,500 police acted vigorously in chasing down and seizing rioters.

Sunday

3:40 a.m.—Mayor Tate issued a special statement declaring law and order restored and police in control.

Dawn—Some looting continued. Officials announced 247 persons had been injured, including 66 policemen. Almost all of the injuries were minor. There were no fatalities.

Midnight — Sporadic looting, window smashing and vandalism continued, but the area was relatively calm. City officials said the situation remained under control.

Mayor Tate reported 225 stores had been looted, 75 percent of them Friday night, and more than 30 persons arrested. He estimated riot damage at "several millions."

Central America is the fastest growing region in the world with population rising at 2.9 percent annually; Tokyo is still the largest city with a population of 8,613,000; the average death rate is highest in the Ivory Coast, at 33.3 per 1,000; and Haiti leads in the infant mortality rate with 180.4 infant deaths per 1,000 live births.

WARSAW, Poland (AP) — A series of antiwar rallies will be held on the 25th anniversary of Hitler's 1939 invasion of Poland. Setting the stage for the rallies, Poland's largest circulation paper, the Evening Express, accused England and France of shirking obligations to Poland in 1939 by not quickly attacking Hitler's forces.

SOUTHAMPTON, England (AP) — A British physicist suggested today that earthmen ought to be sending signals into space, just in case anyone is out there listening.

Dr. D. M. A. Mercer, lecturer at Southampton University, told the British Association for the Advancement of Science that life may exist in other solar systems.

"The most likely way for one intelligent world to try to contact another would be to send out unmanned spaceships loaded with computers and scientific information ready to give and receive information," Dr. Mercer said.

LONDON (AP) — Radio-controlled model airplanes flown by hobbyists west of London are suddenly behaving as though suicide pilots had taken over.

Outraged model builders blame Japanese-made walkie-talkies that have just come on the market. They operate on a fixed frequency, the same one allotted by the British Post Office to the remote-controlled planes.

The New England section of the country received its name from Capt. John Smith. The wooded hills, narrow green valleys and rocky hillsides reminded him of his native England.

Goodling, Myers Win At Lincoln

Gene Goodling, Stoverstown, moved closer to the 1964 track championship at the Lincoln Speedway by winning the 25-lap sportman-modified feature event Saturday night.

The first five cars to cross the line were sportsmen cars, Bobby Abel was the first modified to cross the line. Goodling took the lead from Kantorsky on the ninth lap and went on to an easy win.

Frankie Thompson and Joe Michaels flipped their cars prior to the feature and were sidelined for the night. As a result of his accident, Thompson lost third place in the point standings to Irvin King.

Bob Myers took the top money and points in the late model 20-lap feature event. Charlie Cockey, Bob Feizer, Frank Constantine, Ray Fanning and Gene Saine followed.

Next Saturday night the Lincoln Speedway will present a double-point, 35-lap championship race for sportman-modifieds. A 20-lap late model double-point race, plus a fireworks display will also be included in the preholiday racing card. Rain date for the championship event is Labor Day afternoon, September 7.

Sealed proposals will be received at the office of the County Commissioners of Adams County, Courthouse, Gettysburg, Pennsylvania, until 10 a.m., September 15, 1964, for the following described project and will be publicly opened, read aloud and the low bidder announced immediately thereafter.

The repair of the substructure and superstructure of an existing two-span covered timber bridge carrying Township Road No. T-522 over Conewago Creek in Reading and Hamilton Townships, Adams County, Pennsylvania. The work consists chiefly of temporary shoring and bracing, and the removal and replacement of a portion of the timber plank floor, the repair and repointing of the existing masonry pier and the reconstruction of the roadway pavement adjacent to the abutments.

Plans, Specifications, Proposal Forms and other Contract Documents may be viewed at the office of the County Commissioners of Adams County, Copies of the above Contract Documents for use of bidders may be obtained free of charge from West & Wells, Engineers, 345 Buford Avenue, Gettysburg, Pennsylvania.

Proposals must be accompanied by a Certified Check or Surety Bid Bond drawn to the order of or payable to the County Commissioners of Adams County, in an amount of ten percent (10%) of the bid price as evidence that the bidder will execute the agreement and furnish the specified Surety Bonds in case of award of the contract.

The County Commissioners reserve the right to reject any and all bids.

STATE DEPT. OFFICERS TO SEE AMERICA

WASHINGTON (AP) — Join the Foreign Service and see the U.S.A.?

It's working out that way for 42-year-old Richard G. Johnson, a senior U.S. Foreign Service officer who left with his wife and two children Thursday on a motor trip to San Francisco sponsored by the State Department.

Announcing the tour, the department said the only cost for Johnson, who is home on leave, will be for food, highway toll charges and incidentals.

Along the way, while renewing his acquaintance with this country, he will make speeches explaining the work of the Foreign Service.

FOUNDATIONS ASSIST

The major costs are being borne by the Wally Byam Foundation and the Ford Motor Co. The foundation is furnishing the department with three house trailers for two years and Ford is providing three automobiles to tow the trailers at an annual cost of \$1,000. The foundation is supplying gasoline and oil for the cars, the State Department said.

In San Francisco, Johnson will turn the car and trailer over to another Foreign Service officer who will drive his family on the return trip east while the Johnsons will fly back to Washington to prepare for a new assignment, in Brussels, Belgium.

The Johnson trip is the first in a new State Department enterprise set up under the "community relations program." The purpose is to get returned Foreign Service officers to make speeches around the country when they are on home leave and allow them to see as much of the United States as they can.

State Department officials say that one of the frequent criticisms of the Foreign Service by members of Congress is that diplomats who spend most of their lives abroad lose touch with the American people.

Johnson, a native of New Haven, Conn., has served in European and African posts since 1947. He just returned from an assignment at NATO headquarters in Paris. His speaking schedule has not been announced.

CLARE LUCE OUT OF RACE

By ROBERT T. GRAY
NEW YORK (AP) — New York Republicans meet today in a supercharged political atmosphere to renominate Sen. Kenneth B. Keating and cheer him into battle against U.S. Atty. Gen. Robert F. Kennedy.

The GOP was more optimistic about Keating's chances of withstanding the challenge by Kennedy because of Clare Boothe Luce's decision Sunday not to run as a third-party candidate.

Republican leaders had feared she would have drawn a substantial number of votes from Keating, who won election six years ago by 133,000 votes.

Mrs. Luce said she withdrew in a spirit of Republican unity.

Her decision eliminated a threat by the state Republican organization to withdraw support from the national ticket of Sen. Barry Goldwater and Rep. William E. Miller.

GIANTS, JETS CHALK UP WINS ON SATURDAY

By DICK COUCH

Associated Press Sports Writer

New York's professional football teams aren't out of the Woods yet — and they won't be for some time if Giants coach Allie Sherman and Jets pilot Weeb Ewbank have their way.

The Woods, 5-foot-11 Gary of the Giants and 6-foot-5 Dick of the Jets, quarterbacked their clubs to impressive victories Saturday as the National and American Football Leagues moved through another weekend of exhibitions prior to mid-September season openers.

Gary Wood, filling in for hobbled Y. A. Tittle, threw three touchdown passes as the Giants trimmed Philadelphia 28-17 at Princeton, N.J., for their first NFL pre-season success in four starts. Dick Wood also fired three scoring strikes in the Jets' 34-6 rout of AFL champion San Diego at Atlanta.

A Dallas crowd of 60,057 — the largest since the Chicago All-Star game early in the month — watched the Cowboys take a 35-3 beating from Green Bay while Pittsburgh edged San Francisco 16-14 and unbeaten Minnesota outscored Los Angeles 34-23 in other NFL games.

Oakland took an AFL decision from Houston 34-20 in the first pre-game ever played at Las Vegas.

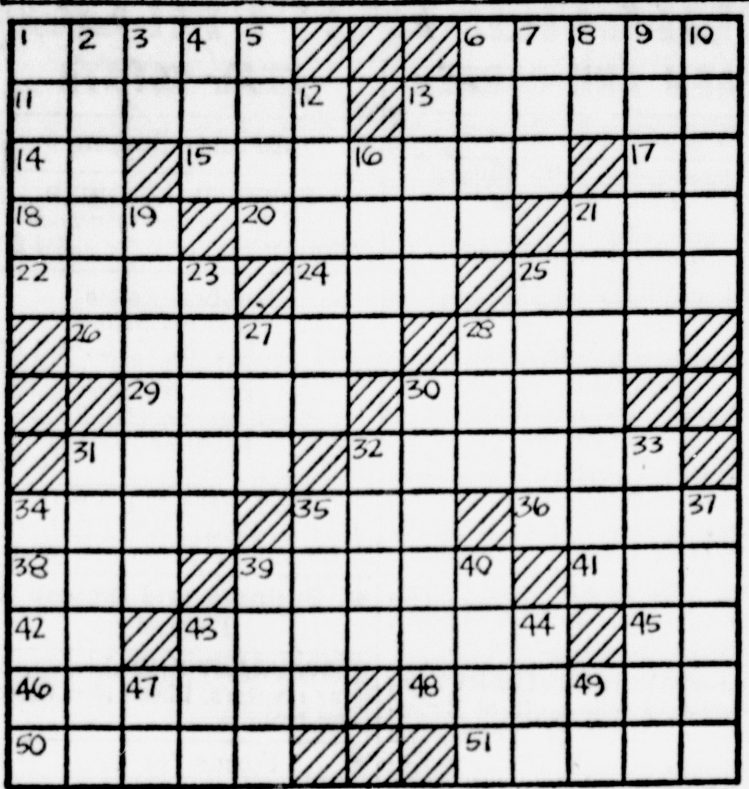

Gary Wood, a 22-year-old rookie from Cornell whom Sherman retained while releasing Glynn Griffing, Tittle's 1963 sub, when the Giants trimmed their roster last week, replaced the veteran pass-master early in the second period Saturday.

WRECKED OLD CLUB

Tittle threw a scoring pass to Dick James before twisting his left knee, the same one he hurt in last December's NFL title game. This time, the injury appeared to be slight while affording Wood a chance to impress the coach as a ready and able reliever.

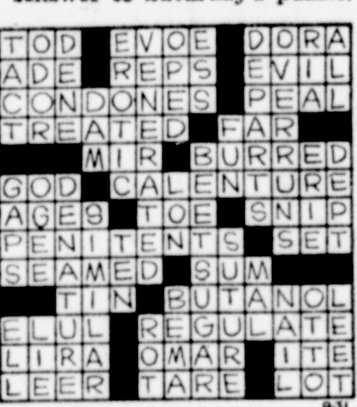

The Ivy Leaguer completed 11 of 24 passes for 193 yards. Dick Wood, 28-year-old former Charger, wrecked his old club with two payoff passes to Don Maynard and another to Bake Turner that covered 54 yards. The big Auburn grad hit on 12 of 28 tosses for 152 yards. Jim Turner added two field goals as the Jets ran their exhibition slate to 3-1.

TOKYO (AP) — The Japanese government agreed today to allow U.S. nuclear powered submarines to call at Japanese ports.

The matter has provoked considerable controversy among the Japanese, and their government has been debating the issue for a year and eight months. To pacify the public, the U.S. Navy has promised the submarines will not carry nuclear tipped rockets.

The Navy says it asked for permission to dock the submarines so that crews can go ashore for leave.

There were no immediate indications when the first nuclear powered submarine would arrive.

WATIDHAUS, Germany (AP) — Two 21-year-old Czechoslovak rammers a truck through Communist border barriers Friday and escaped to West Germany under heavy Red fire, German police reported.

The two escaped at Rozvadov, main border crossing point between Czechoslovakia and West Germany.

LONDON (AP) — British archaeologists report they have made "sensational" discoveries in the area in Egypt soon to be flooded by the Aswan High Dam.

The annual report of the British Academy said Thursday the finds included the tomb of a bishop of the 14th century A.D. and details about Egyptian forts which existed 20 centuries before the birth of Christ.

The report said the bishop's tomb was found in the fortified town of Kasr Ibrahim, once the southernmost frontier of the Roman Empire.

CHINESE TO BOYCOTT RED CONFERENCE

TOKYO (AP) — Communist China has announced officially it will boycott a Soviet-sponsored conference to plan a world Communist meeting. It says the day such a meeting is held "will go down in history as the day of the great split in the international Communist movement."

Peking accused the Soviet Union of siding with the United States in the recent Gulf of Tonkin crisis "by actively supporting the U.S. attempt to intervene in Viet Nam through the United Nations."

Red China's charge was contained in a letter dated Aug. 30 in which the Central Committee of the Chinese Communist party turned down a Soviet invitation to a scheduled Dec. 15 planning conference.

The official New China News Agency broadcast the reply. Peking was one of 25 Communist parties invited to lay the groundwork for a meeting of 81 Communist parties next summer.

Red China also accused the United States of opening up a new "special warfare" theater in Africa. China has made Africa one of its major spheres of activity.

The broadcast said Peking told Moscow: "We will never take part in any international meeting or any preparatory meeting for it, which you call for the purpose of splitting the international Communist movement."

NEW SHOOTING STIRS ATTACK IN NEW YORK

NEW YORK (AP) — Residents of a predominantly Puerto Rican block, apparently angered over a fatal shooting, threw gasoline bombs, rocks and bottles Sunday night. Their targets were Negroes and policemen and firemen fighting a tenement house blaze.

No one was reported injured by the fire bombs or the barrage from roofs and windows. Several hundred persons were involved in the disorder on the lower East Side.

Police officials said today the outbreak developed from tension over the fatal shooting of a Puerto Rican by a Negro Saturday night and a series of Negro-Puerto Rican brawls Saturday night and early Sunday.

HOMICIDE CHARGE

A Negro was arrested and charged with homicide early Sunday. More than two dozen Negroes and Puerto Ricans were arrested on disorderly conduct charges.

Sunday night, the tension heightened when police began evacuating Negro and Puerto Rican occupants of the building where the fire broke out.

Two patrolmen fired six shots into a building a few doors from the tenement fire when they saw three men on a fire escape toss three fire bombs at another building. The policemen went into the building and arrested two of the men, but the third escaped, police reported.

Now here! The gasoline that won the West!

Out where hard, wide-open driving is a way of life, Phillips 66 gasoline is a mighty big favorite. And no wonder!

Phillips 66 gasoline cuts even the toughest super-highways down to size because it gives you power to spare. That means it gives you more gallop per gallon—more power than your car actually requires. And this protects your car against damaging engine strain when the going is roughest. Yessir! You ride tall with Phillips 66.

So pull in at one of the big, bright Phillips 66 stations opening up in your part of the country. You'll get the gasoline that won the West and our famous Western hospitality, too! Go first-class...go Phillips 66! (It costs no more.)
